

Dear Friends,

Winter 2017

With this letter we are requesting your help with a donation (of food or a raffle item) for an event hosted by Consigning Women to benefit WE CAN. The event will be held at Consigning Women's Harwich location on February 27th, 2017. We expect about 200 women, many who are business people and/or involved in their local communities, to attend.

WE CAN may be a small non-profit, but it has a big mission, providing services to women on Cape Cod who are experiencing difficult transitions. These women could be your employee, co-worker, your sister, your neighbor or your mother.

With a small staff and a cadre of 300 volunteers, WE CAN serves women of all ages and backgrounds from across the Cape. WE CAN provides practical services, not available elsewhere on the Cape that offer hope and opportunity to women. Services include: information and referral; legal services; mentoring; work support consultations; 1:1 financial empowerment sessions, and a variety of unique workshops.

Without the support of business partners like you, WE CAN would not be able to provide its much needed services to more than 2500 women each year or handle the 15,000+ in person or phone contacts they receive annually.

Thank you in advance for your support. If you need more information or have any questions about the services we provide, please don't hesitate to contact us.

With gratitude,

Andrea Genser
Executive Director
